

STATEMENT OF PURPOSE

RS28084 / H0070

This proposal would provide permittees/licenseses with an entire year in the initial year of issuance before expiration and eliminates the possibility of applicants paying the full fee for a permit or license only to have it expire shortly after being issued. It will save business (e.g., suppliers, distilleries) money and allow the Division to spread out the process of renewing the license throughout the year rather than having to renew the numerous licenses and permits all at one time at calendar year-end. Further, by implementing the suggested idea State Code would be consistent with Administrative Rule.

FISCAL NOTE

As this idea will save permit/license applicants in the initial year of issuance, applicant savings will be the State's loss. The overall loss to the general fund is negligible and estimated to be approximately \$500/year or less.
